

HOW TO GET STARTED WITH GENEALOGY FIGURATIVE SKETCHING

These tips are mainly for Individuals, Reunion organizers, and Historians who are accounting for family descent.

1. Begin with self then identify family line for direction that lead to/from youngest/eldest ancestor.
2. Seek family support to rally behind your effort to establish open dialogue about family.
3. Make a list of all family members of the chosen line.
4. Seek clarification from a known source if concern about accounting for descents.
5. Gather as many images of descent recent and old.
6. Family photo images must be visible.
7. Pair photo images to a written list of family names.
8. Protect all gathered documents.
9. Re-visit tips #2 for family support and participation in member purchasing one original genealogy figurative sketch.
10. Contact Us.
11. Register for Family Member Tabbing Class to develop family tree dynamics. (optional)
